# Solid Dynamic Customizable

We thought of Daxi Sliding Desk, thinking of placing it both in indoor and outdoor environments. It is a counter to be used when necessary and with the opportunity of configuring it with specific customizations suitable for the various spaces of use. Our Daxi Sliding Desk looks like a monolithic cube ready to turn into a work counter fitting for your needs. All thanks to a lateral scroll. It is possible to customize any surface's type with materials and graphics, logos, or luminous writings.

## We design your moves

We have created it giving shape to an agile, attractive workspace capable of making efficient and precious the attitude of inventing one's environment.

We have designed Daxi Sliding Desk cause we want to transform the customer's needs harmoniously coherent to the spaces where its positioning will be, both internal and external.

And there is a company in this path.

A company that can stay on the move with concrete and efficient planning.

XLarge

# Work surface

We enhance work surface giving a functional mood to those who use it.

Because for us, customization is synonymous with development.

- ✓ Customizable worktop (in different finishes)
- ✓ Configurable with accessories (optional)
- ✓ Deep storage units

Our customers inspire us, so we know how to transform our furniture into a cocktail bar, an equipped kitchen, a DJ station, a creperie, a sushi station, and much more.
